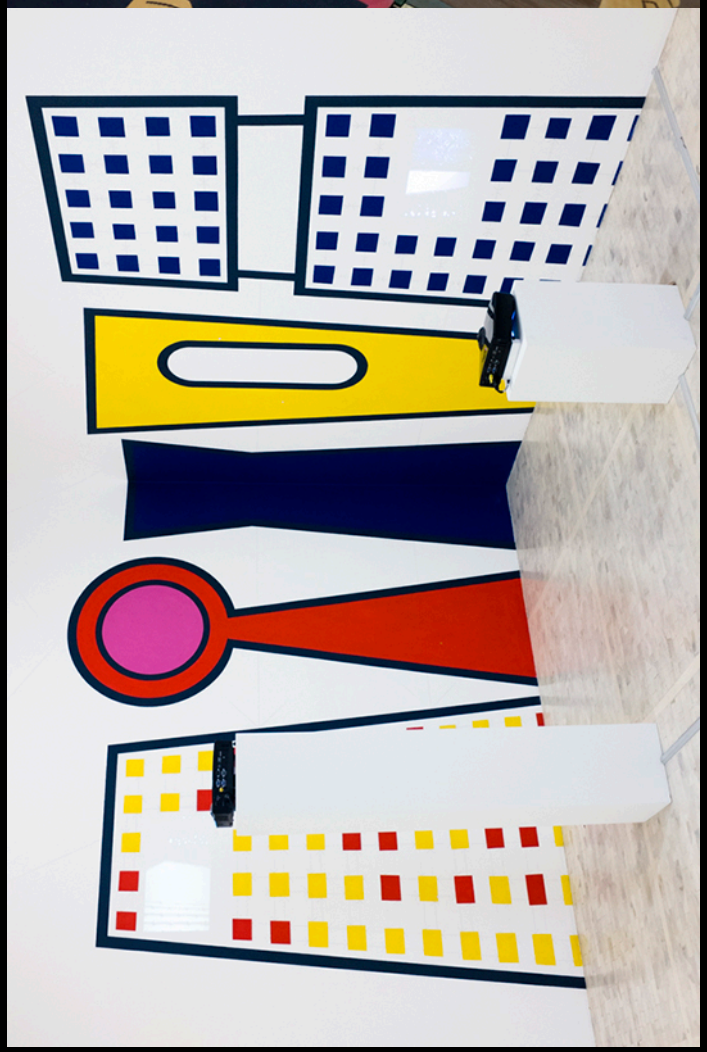
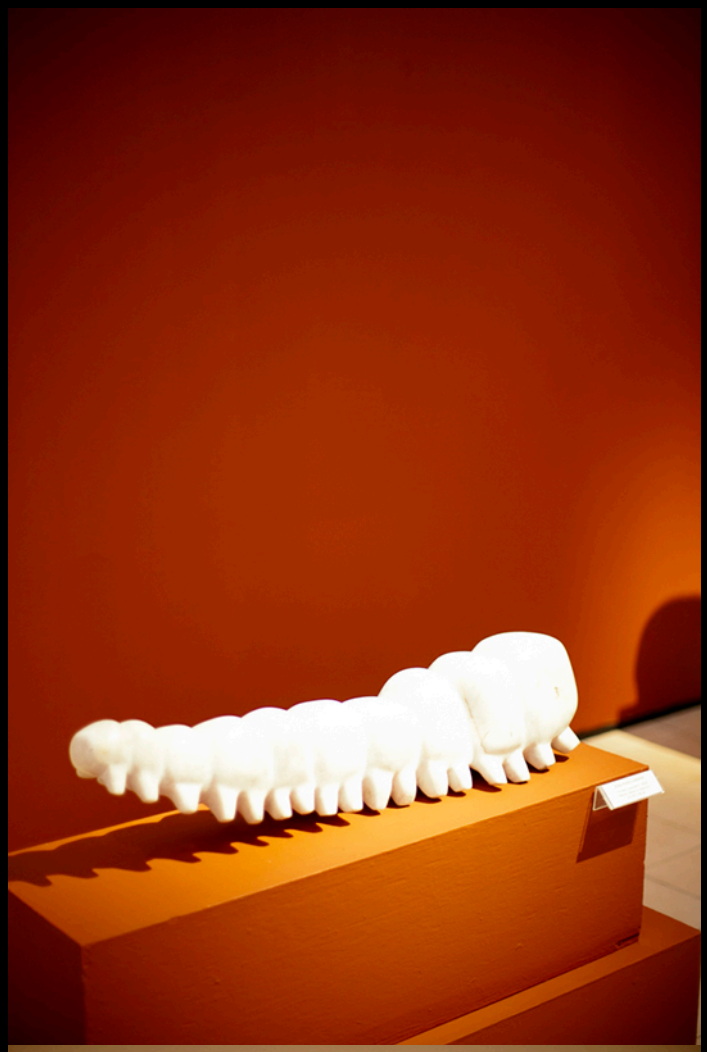
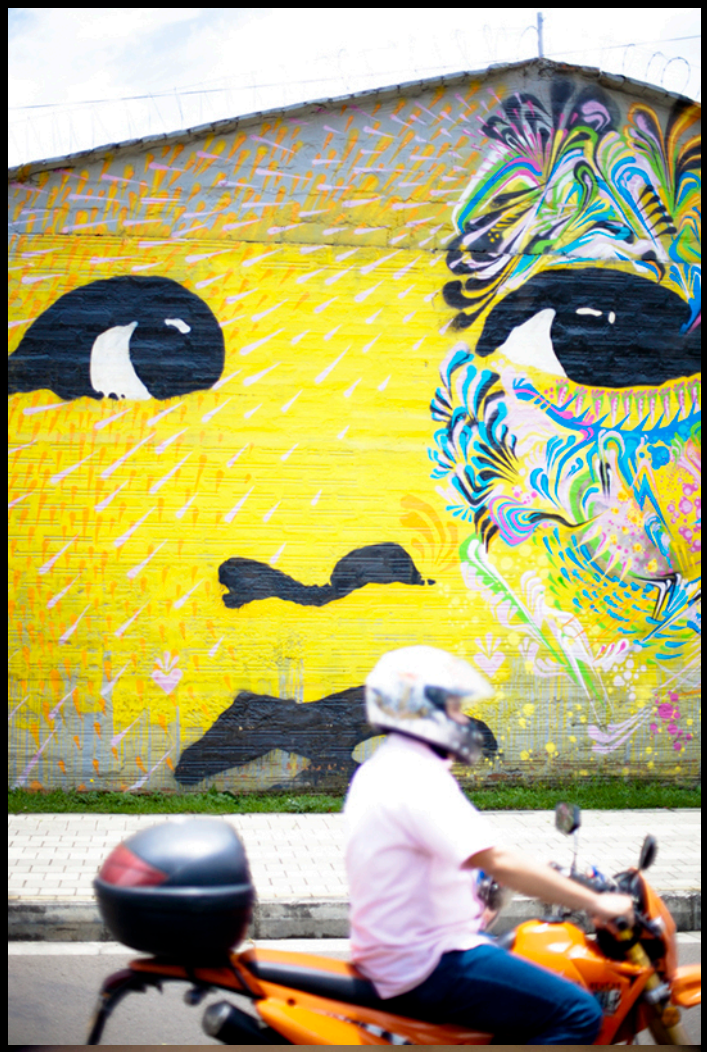
The Strait of Gibraltar
is 7.7 nautical miles wide (13 km)
and separates Africa from Europe.
If a line of kids
leaves Europe towards Morocco,
and a line of kids
leaves Africa towards Spain,
will the 2 lines meet
in the chimera of the horizon?
مضيق جبل طارق
يمتد سبعة أميال بحرية (13 كم)
فاصلا بين افريقيا واوروبا.
إذا ما صف من الأطفال
غادر أوروبا باتجاه المغرب،
وصف اخر من الاطفال
غادر افريقيا باتجاه إسبانيا،
هل يلتقي الصفان
عند وهم الأفق؟
El estrecho de Gibraltar
mide 7.7 millas náuticas (13 km)
y separa Europa de África.
Si una fila de niños
sale de Europa hacia Marruecos,
y una fila de niños
sale de África hacia España
¿se encontrarán las dos filas
en la quimera del horizonte?





FERNANDO BOTERO
Cabeza, 1961



WHY IS THIS CAR SO DIRTY?
This is the 1949 Hudson used in filming the screen adaptation of Kerouac's On the Road. It was presented to us by director Walter Salles, and driven to the Boat Museum personally by Garrett Hedlund.
Walter's only request of us was that the dust and grime—accumulated on the car during the 3,000 miles he and Garrett spent traveling the country making the film—remain undisturbed. Walter considers this
"the Holy Dirt of America."
